

# Easi-Speak PRO

## What is an Easi-Speak?

The Easi-Speak Pro, a student-friendly, professional-looking wireless microphone, encourages students to speak up and makes them feel like stars! Just hit the button to record, say something into the mic and then play back and listen. It's that simple!

With the Easi-Speak™ Pro, you can:

- Edit recordings.
- Download tracks to your computer.
- Choose the file format/size that's right for you.
- Save time with easier file management and editing.
- Allow 2 students (or teacher and student) to listen without disturbing others.

The Easi-Speak Pro includes an LCD menu screen for easy-file management and editing and displays the track number, battery life, memory and recording format. With up to four hours of recording time, you can use it time and time again with every student in your classroom!

## Lesson ideas on how to use Easi-Speak Pro

- presentations
- readings and podcasts
- Role play interviews
- new vocabulary
- note taking on school outings
- recording sounds and music
- drama-script reading and listening
- develop speaking and listening skills
- teacher conferences and students' council meetings

**Note to teachers:** Once your audio has been recorded, you can share files with other students, teachers, parents and specialists. You can also upload these to your digital learning environment or include them in your digital portfolios.
